

# Help support future athletes

JETTS Fitness in Forrestfield has joined forces with charity Sportember in collecting new and preloved sporting equipment to support local sporting clubs in the area throughout the month of September.

The gym currently has a collection bin in place at the gym, ready for donations.

Jetts Fitness Forrestfield manager, Fiona Randell said she is excited to be on board and

making a difference for our local community clubs and the children they support.

“Grass roots sport is at the heart of our local community and we want to do whatever we can to encourage youngsters to not only get involved but to have the opportunity to get involved.

“We realise that not all families or sporting clubs are as fortunate as others and believe all children have the right

to pursue their sporting dream, which is why we are proud to be supporting our local community through Sportember,” said Fiona.

To donate new or preloved sporting equipment please visit Jetts Fitness Forrestfield Unit 2, 82 Hale Road Forrestfield. For financial donations please log onto [www.sportember.com.au](http://www.sportember.com.au).

All donations over \$2 are tax deductible.
